Please join the Southern California chapter of the Association of Pedestrian and Bicycle Professionals (APBP) in learning about the Los Angeles Department of Transportation's (LADOT) innovative People St Program!

LADOT's Brian Oh will be sharing how, through the People St program, eligible community partners can transform streets into plazas and parklets, helping to transform streets in Los Angeles into active, vibrant, and accessible public spaces. Aaron Aulenta from the North Hollywood Business Improvement District will be describing the BID's experience as the community partner maintaining the recently constructed [NoHo People St Plaza](#).

Join us for happy hour and networking after the presentation at Pitfire Pizza.

Please consider bringing with you a \$10 donation for participating in this event. Neither a donation nor APBP membership is required to attend, but is encouraged and helps to support advocacy efforts and professional development for pedestrian and bicycling professionals in the region.
